FEDERAL COURT CHALLENGES UNDER 47 U.S.C. § 252(E)(6)

The following cases represent the only ongoing litigation under 47 U.S.C. § 252(e)(6) that relates to interconnection agreements approved by the Public Utilities Commission of Colorado, the Idaho Public Utilities Commission, the Iowa Utilities Board, the Nebraska Public Service Commission and the North Dakota Public Service Commission:

COLORADO

1. *ICG Telecom Group, Inc. v. Public Utilities Commission of Colorado, et. al.*, No. 00-D-2138 (D. Colo.). On October 27, 2000, ICG filed this petition for judicial review of the Commission's order relating to reciprocal compensation for Internet-bound traffic. Because of ICG's subsequent bankruptcy, the court stayed and administratively closed the case subject to its being reopened at the request of either party upon good cause shown or upon the issuance of the mandate in the D.C. Circuit in the case of *WorldCom v. FCC*. The action remains administratively closed.

2. *Level 3 Communications, LLC v. Public Utilities Commission of Colorado, et. al.*, No. 01-N-2455 (D. Colo.). On December 19, 2001, Level 3 petitioned for judicial review of a Commission order relating to compensation for the transport and termination of Internet-related traffic. Under an agreed scheduling order, dispositive motions must be filed by September 13, 2002.

IDAHO: None.

IOWA

U S WEST Communications, Inc. v. Allen T. Thoms, et. al. No. 99-2589SIDM (8th Cir.). On May 20, 1999, Qwest appealed decisions by the District Court for the Southern District of Iowa on January 25 and April 19, 1999, Civil No. 4-97-CV-70082, affirming some decisions by the Iowa Utilities Board concerning interconnection agreements with AT&T and MCI and remanding other decisions. The Court of Appeals for the Eighth Circuit has stayed the appeal, and no briefing schedule has been established.

NEBRASKA: None.

NORTH DAKOTA: None

INDEX TO ELECTRONIC DOCUMENTS

ATTACHMENT 4

INDEX TO ELECTRONIC DOCUMENTS

Qwest's Application for the provision of In-Region, InterLATA Services in Colorado, Idaho, Iowa, Nebraska and North Dakota consists of a Brief and Attachments 1-5. The bulk of the material in the Application is located in a series of Appendices contained in Attachment 5. Those Appendices include:

- Appendix A Contains thirty-four Declarations from Qwest employees which provide information on 1) The 271 workshop process in Colorado, Idaho, Iowa, Nebraska and North Dakota; 2) Qwest's compliance with each of the fourteen checklist items, including a review of the extensive ROC OSS Third Party Test; 3) Qwest's compliance with Section 272 of the Act, 3) Qwest's satisfaction of the Public Interest and Track A requirements; 4) Qwest's pricing of Unbundled Network Elements, Interconnection and Resold Services in conformance with the Act, and 5) An overview of Qwest's Performance Results.
- Appendix B Contains the Statement of General Terms and Conditions for the states of Colorado, Idaho, Iowa, Nebraska, and North Dakota.
- Appendix C Contains the various Reports and Orders from the state regulatory agencies of Colorado, Idaho, Iowa, Nebraska and North Dakota relating to the 271 and Cost Docket Proceedings in each state. Appendix C also contains the various reports of the Facilitator of the Multi-state Workshops.
- Appendix D Contains the Qwest Commercial Performance Results for the states of Colorado, Idaho, Iowa, Nebraska, and North Dakota, as well as regional results for the fourteen state Qwest region.
- Appendix E Contains the Qwest Performance Assurance Plans for the states of Colorado, Idaho, Iowa, Nebraska, and North Dakota.
- Appendix F Contains the Third Party Test Reports from the Region-wide, ROC Third Party Test as well as the Final Report of the Cap Gemini Third Party Test for the state of Arizona.
- Appendix G Contains the record of ROC Third Party Test Proceedings.
- Appendix H Contains the record of the ROC Post Entry Performance Plan Workshops, which included the participation of the Idaho, Iowa,

Nebraska and North Dakota state regulatory agencies, as well as other states in the in the Qwest region.

- Appendix I Contains the record of cost docket proceedings in the states of Colorado, Idaho, Iowa, Nebraska, and North Dakota.
- Appendix J Contains the record of the proceedings that considered the formal SGAT filings of Qwest in the states of Idaho, Iowa, and North Dakota. The states of Colorado and Nebraska considered the SGAT in the 271 proceeding. The record of these proceedings is included in Appendix K, Record of the 271 Proceedings. Colorado also had a "SGAT" proceeding which considered the pricing of services under the Qwest SGAT. The record of the Colorado "SGAT" proceeding has been included in Appendix I, Cost Dockets.
- Appendix K Contains the record of the 271 Proceedings in Colorado, Idaho, Iowa, Nebraska, and North Dakota. Because the states of Idaho, Iowa, and North Dakota participated in the Multi-state workshops, the record of those workshops is included in the record for each of these states. Because the state of Nebraska relied on portions of the record of the Multi-state workshops, portions of the Multi-state workshop are included in separate volumes of the Nebraska record.
- Appendix L Contains the Interconnection Agreements, including wireline, wireless, resale and paging, for the states of Colorado, Idaho, Iowa, Nebraska and North Dakota.
- Appendix M Contains the record of the Arbitration Proceedings in the states of Colorado, Idaho, Iowa, Nebraska and North Dakota.
- Appendix N Contains the record of Miscellaneous Wholesale dockets in the states of Colorado, Idaho, Iowa, Nebraska and North Dakota
- Appendix O Contains the Qwest Change Management Process Notifications
- Appendix P Generally contains those documents that were filed in the states of Colorado, Idaho, Iowa, Nebraska and North Dakota after June 4, 2002.

The material in Qwest's Application contains documents that are provided in three formats – paper, Compact Discs ("CD"), and the web. Not all documents are provided in all

formats. The following table shows whether a particular Attachment or Appendix of the Application is provided on paper, CD or the web:

	Description	Paper	CD	Web

Appendix O	Change Management Process	No	Yes	No
Appendix P	Recent Documents	No	Yes	No

The files on the Compact Discs are organized in accordance with the Application's Table of Contents. The Table of Contents is included at the beginning of Attachment 5 of the Application. The following steps can locate any document in the Application:

Step 1 – Use the Index to the Table of Contents -- To locate a document within the Application, turn to the Table of Contents. The documents in the Table of Contents are organized by Appendix, as described above. Many of the Appendices are further divided by state, and in some cases, are further divided by volume. For example, there are separate sections of Appendix M (Record of Arbitration Proceedings) for the states of Colorado, Idaho, Iowa,

Nebraska, and North Dakota. Within each state arbitration section, there are several volumes – each volume corresponding to a particular arbitration proceeding in that state.

Due to the size of the Table of Contents, the first few pages of the Table of Contents contains an Index. For example, to find a document within the Colorado 271 proceeding, the Index shows that there are three volumes for the Colorado Appendix K. The Index to the Table of Contents shows the detailed Table of Contents for this Volume 1 begins on page []. This page of the Table of Contents begins a listing, in chronological order, of all the documents in this proceeding. A portion of this Table of Contents appears below:

**The Record of the
Public Utilities Commission of Colorado
Docket Nos. 97I-198T, 01I-041T, 99A-577T**

271 Investigation Proceeding (Vol. 1)

Vol	Tab	Date	Description
1	13	11/30/99	U S WEST's Motion for Alternative Procedure
1	14	11/30/99	U S WEST's Status Report and Notice of Intent to File with FCC Pursuant to § 271(C) of the Telecommunications Act of 1996
1	15	11/30/99	U S WEST's Affidavit of Thomas R. Freeberg

Step 3 -- Use the Table of Contents to Identify a Document – Using the above Table of Contents as an example, the November 11, 1999 affidavit of Thomas Freeberg is located in Appendix K – Colorado, Volume1 , Tab 15.

Step 4 -- Identifying the Compact Disc – With the above information in hand, the next step is to locate the particular CD upon which the document is located. Qwest's Application consists of over 24,000 documents which are located on over 50 CDs. These CDs are provided in a notebook, with each CD placed in a sleeve, with four sleeves on each page of the notebook. Each Sleeve is labeled with a Page Number and Sleeve Number. For example, the first sleeve in

the CD Notebook is labeled "Page 1, Sleeve A", the second "Page 1, Sleeve B", the third "Page 1, Sleeve C" and the fourth "Page 1, Sleeve D". To locate the specific CD that contains a particular document in the index, turn to Exhibit A of this Attachment 4. Exhibit A shows the contents and location of each of the CDs provided in this Application. The index indicates that the above document is located on the CD located in Page 5, Sleeve B.

Step 5 – Finding the Document on the Compact Disc – Once the proper CD has been identified and loaded on a computer, the proper file can be identified using the unique file structure for all documents. All individual documents use the following file naming convention:

(State)(Appendix)(Volume)(Tab)

Again, using the example document, located in Appendix K – Colorado, Volume 1, Tab 15, would have a file name of:

CO_K_1_0150

Where:

- CO Represents the state of Colorado;
- K Represents the Appendix K
- 1 Represents the Volume Number
- 0150 Represents the tab number. All files have a four or five digit tab number to ensure their proper sequencing on the CD:

For tabs in the range 1-9, the structure is 00X0, where X is the tab number;

For tabs in the range 10-99, the structure is 0XX0, where XX is the tab number;

For tabs in the range 100-999, the structure is XXX0, where XXX is the tab number;

And tabs in the range 1000-9999 the structure is XXXX0 where XXXX is the tab number.

Simply locate the file on the CD that corresponds with the appropriate State, Volume, and Tab number, and open the file to review.

Confidential Documents – The record of the various proceedings that have been included in this Application include the confidential and proprietary information of Qwest and third parties. In accordance with the FCC's instructions, Qwest has provided redacted versions of these materials in its Application. Also in accordance with the instructions of the FCC, copies of the non-redacted Qwest material have been provided as a part of this Application in a separate confidential section. The confidential material of third parties has not been included in this application.

Formerly Confidential Documents – The record of the various proceeding included in this Application include certain documents that were originally submitted by Qwest (or its predecessor, U S WEST) as confidential or proprietary documents. As time has passed, many of these Qwest/U S WEST documents are no longer considered confidential by Qwest. As a result, previously confidential or proprietary Qwest/U S WEST documents that are no longer considered confidential/proprietary have been included in their original non-redacted version with the "Confidential" or "Proprietary" stamp just as they appeared in the original record of the state proceeding. All Qwest documents that are still considered confidential or proprietary material have been redacted and treated in accordance with the preceding paragraph.
